

ARLIS/NA Ontario
Chapter Membership Form (2009)

Members of ARLIS/NA receive the Society's professional publication *Art Documentation* (published 5 times a year), have access to reviews of recent art publications, relevant Occasional Papers and conference abstracts. Full members participate in knowledge-sharing through committees and sections, networking and conference opportunities, and communicate with colleagues on ARLIS-L, the organization's list serve. The Society also offers career resources with job postings and a roster of internship possibilities.

Members of ARLIS/NA Ontario have voting rights, may run for office, apply for travel grants and generally participate in the life of the chapter. Those who wish to participate fully in chapter business meetings — in particular, voting and holding office — **must be ARLIS/NA members**. Chapter membership supports our educational and social activities and encourages colleagues to participate and represent us at the national and international level.

Associates are not considered members and therefore do not have the rights of membership as stated above. Associates, however, are valued for their participation in all Chapter events such as arranging local tours or helping with our annual mid-winter fundraiser. It is hoped that Associates will ultimately see the value and expansion that full membership can bring to their professional life, in terms of networking and education, and chose to join ARLIS/NA.

Guests are those visitors who may be attending a meeting or function on a one-time basis.

Please note: A decision was made to contribute to the fees of those Associate Chapter members who wish to serve on the Chapter Executive, to ensure that they are a full member of ARLIS/NA. This contribution may be considered on a case by case basis.

- **Members** \$25.00 (CDN) + ARLIS/NA Individual Membership \$120.00 (US)
- **Members** \$25.00 (CDN) + ARLIS/NA Introductory (1 year limit) Membership \$90.00 (US)
